Greetings,

I wanted to take a moment to say thanks for all of your attendance at the MoKanRef camp last month. I hope that you were able to get some ideas on how to better your game. Your commitment of time and effort says volumes about your commitment to your craft as a referee. In saying that, I want you to know that I am extremely proud of a lot of you and the improvement that I have seen when checking out the highlights on Metro Sports or in other venues. The staff was extremely impressed by eagerness to learn by the officials who attended. We talked about what a great mix of youth, talent and experience we were blessed to have. I chose that staff for a reason. Part of that reason is that these are definitely people you can reach out to and talk to when you see them without hesitation. They share the same passion for helping and wanting to see everyone meet their goals.

If for any reason you feel that this camp was not beneficial to you in some way, please take the time to fill out the post camp surveys when they are sent out or contact me directly. The only way that we can make it better is for you to be completely honest in regards to the camp in regards to classroom time, lectures, court time, clinicians, etc. In my opinion, the camp has gotten better each year but we have no intentions resting on our laurels. Please do not lose your momentum. Keep working hard and improving. Please know that we are a family and I look forward to continue working with all of you.

Sincerely,

Lenton Bailey  
MoKanRef Commissioner

John Hendricks  
Camp Director/Academy
